CAREER OBJECTIVE

Passionate Full Stack Developer, proficient in front-end technologies. Committed to crafting applications and staying at the forefront of innovation. I am committed to delivering exceptional user experiences, while continuously refining my knowledge at the forefront of technologies.

WORK EXPERIENCE

Python 101 For Data Science • Internship May 2025 - Jun 2025
IBM Cognitive Class, Virtual

- Introductory course that teaches the basics of Python programming (variables, data types, functions, and libraries like Pandas, Numpy, and Matplotlib) in the context of data science.
- Hands-on learning with practical exercises and projects to apply Python for data analysis, visualization, and simple problem-solving.

Solar Stringer Nov 2024 - Feb 2025
Premier Energies, Ranga Reddy

- Operated automated stringer machines to interconnect photovoltaic cells with precision, achieving 85% production efficiency.
- Conducted visual and mechanical inspections of solar cells strings to ensure defect-free solder joints alignment.
- Collaborate with quality assurance and engineering teams to optimize soldering parameters and improve yield.

Automotive Design Modelling And Analysis Softwares • Internship Apr 2024 - Oct 2024
Telangana Building And Other Constuction Worker Welfare Board, Rajanna Sircilla

- Designed 3D models of automotive components (e.g., chassis, suspension, engine brackets) using CATIA and SolidWorks, ensuring adherence to GD&T standards
- Created tool paths and CAM operations for CNC machining using Mastercam, reducing part cycle time by 20%.

EDUCATION

B.Tech, Mechanical Engineering 2021 - 2024
Jayamukhi Institute Of Technological Sciences, Warangal

CGPA: 6.20/10

Diploma, Mechanical Engineering 2018 - 2021
G M R Polytechnic College, Utnoor

CGPA: 6.91/10

Secondary (X), Telangana State Board Of Secondary Education 2018
Sri Saraswathi Vidhyanikethan High School, Sircilla

CGPA: 9.30/10

TRAININGS / CERTIFICATIONS

Full Stack Development
Sep 2025 - Present

Internshala, Virtual

Back-End Web Development
Jul 2025 - Aug 2025

INTERSHALA, Virtual

Topics Learned: React, Node and Express, MySQL, and MongoDB
Projects Completed: E-Commerce App

Front-end Development
Mar 2025 - Jul 2025

Internshala, Virtual

Topics Learned: HTML, CSS, Bootstrap, JavaScript, React
Projects Completed: Social Media App (Youtube - clone)

PORTFOLIO

Portfolio link ↗

GitHub link ↗

PROJECTS

Developed YouTube-Inspired Platform ↗
Jun 2025 - Jul 2025

- Developed a video-sharing platform inspired by YouTube with modern web technologies.
- Implemented user authentication and profile management for personalized experiences.
- Enabled video upload, playback, and streaming functionality.
- Built features such as likes, comments, and subscriptions to enhance user engagement.

Developed APIs with Node.js and Express.js for Shoppyglobe ↗
Jun 2025

- Integrated authentication and authorization for secure API access.
- Implemented CRUD operations to manage products, users, and orders.
- Optimized API endpoints for scalability and performance.

Personal Portfolio Website ↗
Apr 2025

- Built a personal portfolio website to showcase skills and projects.
- Embedded résumé for quick and professional access.
- Designed with responsive layout for all devices.
- Focused on clean UI/UX and smooth navigation.

ShoppyGlobe E-commerce Application ↗
May 2025 - Jun 2025

- mplemented product listing, search, and filtering features for smooth browsing.
- Integrated user authentication, authorization, and secure login/register system.
- Developed shopping cart and checkout functionality with order management.
- Connected application with backend APIs (Node.js & Express.js) and database for real-time data handling.

Weather Forecast Application ↗
May 2025

- Developed a weather forecast application to display real-time weather updates.
- Integrated third-party weather API for accurate data retrieval.
- Implemented search functionality to check weather by city or location.
- Deployed the application for public access and demonstration.

SKILLS

- HTML
- CSS
- JavaScript
- Node.js
- Express.js
- MongoDB
- Git
- GitHub
- VS Code
- Tailwind CSS
- React
- Microsoft Visual Studio

ADDITIONAL DETAILS

- Strong communicational skills and interpersonal skillls
- Effective time management and problem-solving abilities
- Team player with leadership qualities
- Enthusiastic learner who quickly grasps new concepts and technical skills.
